Latest Appointments

(Special Air Mail Service)

London, Aug. 18.

The following appointments were made by the Admiralty yesterday:—

Sub-Lt.—A. S. Whiteworth, to L 69 (Aug. 11).

Gunners.—G. L. Ross and E. T. E. Hendrick (T), lent to R.A.N. for two years (Aug. 18 and Sept. 7 respectively).

Retirement

Lt.-Cdr.—K. H. Grant, placed on the Retd. List, at own request, with rank of Cdr. (Aug. 17).

SINGAPORE BASE COMMAND

The Admiralty have approved of one of the small craft at Singapore being commissioned with the name of Terror II., as base ship at Singapore, in place of the Tamar III. They have also decided that the appointment in charge at Singapore is to be held by a Commodore of the second class. Captain W. P. Mark-Wardlaw, D.S.O., is appointed to the Tamar III., additional, to date July 20, until H.M.S., Terror II. is commissioned, and to the Terror II., in comand and as Commodore second class in charge at Singapore, in succession to Captain M. R. J. Maxwell-Scott, D.S.O., from date of joining. Captain Mark-Wardlaw was to join the ss. Rawalpindi at Port Said yesterday for passage to Singapore.

The change further indicates the growing importance of Singapore, where the new dockyard is due to be completed in 1935. The contract was placed in September, 1928, and stipulated for the completion of the works in seven years. Captain Mark-Wardlaw will be the eighth officer in charge there since it was decided to proceed with the base in 1921. In that year Captain (now Rear-Admiral) C. V. Robinson was appointed; in 1923 Captain P. R. Stevens, in 1925 Captain (now Rear Admiral) H. S. Shipway, in 1927 Captain (now Rear-Admiral) Geoffrey Mackworth, in 1928 Captain E. C. O. Thomson, in 1931 Captain M. Brock Birkett and in 1932 Captain M. R. J. Maxwell-Scott. Captain Birkett in 1931 was the first to be given the title of Captain-in-Charge, and a separate establishment known as the Tamar III., after the Tamar depot ship at Hong Kong, was commissioned. Last year the monitor Terror was sent to Singapore for duty as base ship.

NAVAL GOLD MEDAL ESSAY

Competitors for the gold medal essay this year of the Royal United Service Institution are reminded that essays must be received on or before November 15, 1934, by registered post. The subject set is "To consider in all its aspects the minimum size of the Capital ship demanded by modern conditions of warfare." As new battleships have been projected both for France and Italy since the subject was chosen the essays should be of particular interest. Competitors must be members of the institution or persons eligible to become members.

SLOOP FOR CHINA

The new sloop Grimsby, Commander N. V. Grace, will leave Devonport to-day for the China Station, on which she is to replace the obsolete sloop Cornflower. The latter has been turned over to the Government of Hong Kong for service as drillship of the local R.N. Volunteer Defence Force. The Grimsby's programme is:—Gibraltar August 30-September 2; Port Said, September 7-14; Suez, September 16; Aden, September 22-25; Colombo, October 5-12; Penang, October 18-21; and Singapore, October 23. If necessary a call may be made at Bombay, and the programme amended as required. The passage from Singapore to Hong Kong will be made as ordered by the Commander-in-Chief, China.

The Grimsby is to escort to Hong Kong the trawler Barnet Lieutenant-Commander R. I. Clutterbuck, from the cruiser Curacoa at Portsmouth, will command the Barnet. In 1930-32 he commanded the gunboat Scarab in the Yangtze Flotilla.

OPERATIONS STAFF

Commander F. J. C. Halahan, D.S.C., who was promoted at the New Year, joined the staff of the Director of Operations at the Admiralty on Wednesday. Commander Halahan was in command of submarine L 4 in China when she sank the Chinese steamer Irene between Shanghai and Amoy on October 20, 1927. Chinese pirates had attacked and overpowered the officers and forced them to steer the ship to Bias Bay. The submarine was waiting at the entrance, and after being fired on by the pirates opened fire on the Irene, which subsequietly sank, the submarine rescuing most of the passengers, crew and pirates. The Chinese owners claimed nearly £100,000 damages against Commander Halahan, but in January, 1929, the High Court in Hong Kong rejected the claim. Commander Halahan was awarded the D.S.C. for his conduct.

DR. SCHACHT'S SPEECH

British Press Comment

London, Sept. 1.

No ministerial or other official comment is made on the speech by Dr. Schacht at Bad Elsen, but the British press reaction to the choice which Schacht offers to the nations to lend more money or receive nothing on account of past debts is severely unfavourable.

DR. SCHACHT

Before accepting the moratorium says the "Daily Telegraph," creditors of Germany will require more than the assurance of Dr. Schacht that the capacity to meet obligations has been exhausted or that German resources have not been frittered away by her internal policies.

The "Times," after noticing that the speech coming so soon after the settlement of the dispute about the Dawes and Young Loans has created a bad impression, draws attention to the fact that there was an increase in the excess of British purchases from Germany over German purchases from Great Britain during the past few months. So far as British creditors are concerned, it adds there is even less validity than before in the claim that Germany cannot pay her debts because foreign countries will not buy her goods.

Proceeding, it says Dr. Schacht's version of the position is so one-sided and misleading that it eliminates whatever sympathy might otherwise be felt for Germany in the difficulties which very largely she has created for herself. It would be nearer truth to say that Germany's economic policy has been deliberately planned to make export surplus impossible and thus to provide her with a plausible excuse for refusing to pay her debts.—*British Wireless.*

WORLD TONNAGE SURPLUS

Conference To Consider The Question

London, Aug. 31.

It is learned that the United Kingdom Chamber of Shipping is working towards a conference to deal with the surplus tonnage question.

It is hoped that the conference will meet in London in the autumn in the form of a special meeting of the International Shipping Conference.

The Chamber is already in touch with similar bodies abroad. The development follows the British Government memorandum of July 16 to all maritime countries, though an inter-governmental conference is not, at present, contemplated.—*British Wireless.*

Rain Interferes

London, Sept. 1.

There was no play in the cricket match between the Australians and the All-England XI. at Folkstone owing to rain.

M.C.C. 204 (R. E. S. Wyatt 51, Smalles 4 for 36) Yorkshire 70 for 0.

Rain throughout the country interfered with the county matches. Derbyshire secured an outright win, Hampshire drew with Worcester, while Sussex, Middlesex and Surrey had to be content with first innings points.

Kent (21-2 declared and 74-7) drew with the Australians (197-1 declared).

The following were the county match results:—

Sussex (289 and 15-1) beat Yorkshire (263 and 225-8 dec.) on first innings.

Derby (181 and 229) beat Leicester (189 and 179) by 42 runs.

Middlesex (238 and 64-3) beat Notts (229 and 252-5 dec.) on first innings.

Surrey (220) beat Glamorgan (173 and 148-4) on first innings.

Hampshire (269-9 dec.) drew with Worcester (137-7).

Walker (Notts) scored 111 and the other century was recorded by McCabe for the Australians against Kent, his score being 108.

Bowling: Fender (Surrey) 8 for 79; Clay (Glamorgan) 7 for 95; J. Cornford (Sussex) 6 for 57; Fleetwood-Smith (Australians) 4 for 30—

THE AMERICA CUP

Sporting Offer By Mr. Sopwith

Newport, R.I., Sept. 1.

Mr. T. O. M. Sopwith, owner of Endeavour, the challenger for the America Cup, has made a second sporting gesture to his American yachting rivals, thus further increasing his evergrowing popularity.

It has now been disclosed that, prior to the selection of the Vanderbilt Syndicate's Rainbow as the defender of the Cup, he suggested that if the Selection Committee wished to pit the Yankee and Rainbow alternatively against the Endeavour he would be quite willing to race under those conditions.

Mr. Sopwith further stated that he believed that both defenders were equal, and that both should be given an opportunity to defend the America Cup.—

A THRILLING RACE

Newport, R.I., Aug. 31.

The Rainbow has been selected to defend the America Cup.

In the most thrilling race of the season the Rainbow beat the Yankee by one second in the final trial to-day.

Yankee, with the weather berth, took a good lead at the start, but after 20 minutes her Genoa jib blew to tatters and the Rainbow passed her before her crew could set a new sail.

Setting a quadrilateral jib, Yankee soon drew level, but found the jib again troublesome, and, while she was changing it, the Rainbow drew ahead and led by 1 minute 35 seconds at the half-way mark of the 30-mile windward and leeward course. The Yankee, however, gained rapidly before the finish.—

GOLD PRICE RECORD

Advance of Eight and Half Pence

London, Aug. 31.

There was a further sharp advance of 8½d to-day in the price of gold to a new record of 140/½d., but on the stock exchange gold mining shares were almost unaffected.

The undertone of the market was firm, but there was little public business. The weakness of sterling in terms of the principal gold currencies did nothing to lessen the firmness of the stock markets in other departments. Continued investment support again led to a general improvement in gilt edged securities, although the price changes were small.

War-loan, at ½ per cent., was again the most prominent stock, and the price further advanced ¼ to 104 13/16. German bonds developed a weakness, following Dr. Schacht's speech, and the 7 per cent. Dawes Loan fell four points, to 47, and the 5½ per cent. Young Loan fell 2½ points, to 36.

Home rails were fractionally better, and in the foreign rail market the undertone was firm. Industrials remained quiet.—

VILNA DISPUTE

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Kovno, Aug. 31.

The Lithuanian determination to bring the Vilna dispute sharply to prominence in view of the pending East Locarno negotiations and the recent formation of the Baltic bloc, was strikingly revealed by the issue on Friday of new postage stamps bearing the coat of arms of the city of Vilna wrested by the sudden Polish attack in 1923. The ten-cent stamp bears three coat of arms, namely the present capital, Kovno, also Memel as well as that of the former capital now in the hands of Poland.

GERMAN-DUTCH DEBTS

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Berlin, Aug. 31.

On Friday the German and the Dutch Governments signed an agreement regulating the transfer of interest on private German loans and other debt obligations to Holland. Foreign currencies required under the terms of this agreement will be provided in full by the payments due to Germany for supplementary exports to Holland, the orders for deliveries in the requisite volume being placed in Germany by the Dutch Government. The Dutch creditors who take advantage of this agreement forego considerable part of their claims for interest amounts thus being set free for serving partially for amortisation of the existing debts and partially for the furtherance of German export.—

DARING RESCUE BY AIRMEN

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Moscow, Sept. 1.

Another daring flight by one of Russia's airmen-heroes, Alexander Alexieff freed four starving scientists on Saturday from the icy prison in Kameneff island to which icebreakers have for two years unsuccessfully tried to open a passage. Alexieff chose as his starting point, Cape Chelyuskin, the same base as used by his fellow-airmen for the rescue of the whole shipload of men adrift on the ice floe in spring this year.

Among Alexieff's grateful passengers was the famous woman chief of the lonely meteorological station in Kameneff Island, Nina Demmand and her co-worker, Byokieff who had not seen civilisation for more than two years.

The desperateness of their plight during the last few months was increased by the arrival at the tiny Kameneff station of two survivors of the Lena River expedition, who fought their way three hundred kilometres over snow fields from the spot where their aeroplane crashed, only to find the scientists' stores already exhausted. For months, the four exiles sustained their existence on occasional fish caught with makeshift hooks.—

EXPEDITION TO GREENLAND

Anxiety for Sledge Party

London, Aug. 31.

Fears are expressed in reports from Copenhagen regarding the safety of the sledge expedition led by Lieutenant Martin Lindsay across the Greenland ice cap, owing to the absence of news of the expedition when the motorship "Gertrud Rask" left Angmagssalik.

These fears are, however, regarded as premature by Lieutenant Lindsay's friends, who state that they did not expect him to reach his objective until the middle of next month.

It is believed that the rations of the members of the expedition will be sufficient for them to hold out for the full three months which they expected the journey of 1,000 miles to take.

The expedition carried no wireless. The Greenland Administration states that another motorship calls at Angmagssalik in a few days' time and the British schooner Jacent, which is still fishing very near to the Greenland coast has been given permission by wireless to go to Angmagssalik.

Lieut. Martin Lindsay, who has two companions, began the journey across ice cap on about June 8th and carried about ten weeks' supply.

Although there is as yet no cause for anxiety, news of their arrival on the East Coast is eagerly awaited.—

BRITISH GLIDING CONTESTS

Records Expected To Be Broken

London, Aug. 31.

National gliding competitions will take place during the next ten days near Thirsk, in Yorkshire, any many pilots will take part, several flying in succession in the twenty or thirty machines which will be available.

It is generally expected that the British records for height and distance, and the present duration record of eight hours, will be broken.

Meanwhile, the British Gliding Association is engaged in evolving a scheme for the use of the £5,000 annual subsidy granted by the Government in provision of sites, machines and instructors.—

MARTIAL LAW AT NEW ORLEANS

Scene Of Recent Political Dispute

New York, Aug. 31.

Martial law has been proclaimed at New Orleans, which was recently the scene of a political dispute between the adherents of Senator Huey Long, including the Governor of Louisiana, Mr. Oscar K. Allen, and a faction headed by Mayor Walmsley.

The proclamation authorises additional troops to guard the Legislative Committee which is investigating the conduct of the city's administration under Mr. Walmsley's Mayoralty.

Mayor Walmsley's faction has recruited 1,500 armed police to oppose Senator Long's National Guards.—

PARIS AIR DEFENCES

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Paris, Aug. 31.

"Enemy planes" again swept through the lines of the capital's air defence on Friday, the sham attack on Le Bourget resulting in the aviation port being hypothetically blown up high and wide together with all other concentration points of the defending forces. In consequence, the second day's huge air manoeuvres were formally adjudged by their organiser, General de Goys, to be a complete victory for the attacking forces, and a further testimony to the insufficiency of the present Paris air defences.—

NIGHT SILENCE ZONES

London Plan To Be Extended

London, Aug. 31.

The success of the night silence zone in London has led the Transport Minister, Mr. Hore Belisha, to extend its operation to all residential areas in Britain.

He made a tour of London last night and satisfied himself that the experiment was working well. Later, he stated that in order that the boon of sleep and rest should be conferred on as many as possible, and in particular that the sick should be freed from the torment of the motor-horn at night, he proposes to issue an order forthwith making every built-up area a silence zone between 11.30 p.m. and 7 a.m.

He added that the experiment had led to the discovery that it was not necessary to drive on the motor horn.

Non-compliance with the order will render motorists liable of a fine not exceeding forty shillings.—

NUREMBERG CONVENTION

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Nuremberg, Aug. 31.

A score of temporary but stout wooden bridges to span the main streets of mediaeval Nuremberg were completed on Friday, their purpose being to ease the appalling traffic problem of the National-Socialist Party convention in September which will bring three quarters of a million visitors to the ancient Bavarian city whose normal population is only 380,000. The battalion of military engineers employed on this bridge building, is the first detachment of the Reichswehr ever to take part in the annual convention.

According to an announcement on Friday, the crack detachments of every branch of military service will this year not only participate but also stage a complete sham battle, demonstrating all units and all armaments that Germany is still allowed to possess under the Versailles treaty.

Three honour guards from a Reichswehr detachment will stand to watch the doors to the quarters of Hitler, Defence Minister von Blomberg and Premier Goering.

LESSON SERMON

First Church Of Christ, Scientist

"Christ Jesus" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 2.

The Golden Text was: "Whosoever believeth that Jesus is the Christ is born of God: and every one that loveth Him that beget, loveth Him also that is begotten of Him." (1 John 5:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And Jesus walked in the temple in Solomon's porch. Then came the Jews round about Him, and said unto Him. How long dost thou make us to doubt? If thou be the Christ, tell us plainly. Jesus answered them, I told you, and ye believed not; the works that I do in My Father's name, they bear witness of Me. . . . I and My Father are One." (John 10:23-25, 30).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Christ was the Spirit which Jesus implied in His own statements: "I am the way, the truth, and the life;" "I and My Father are One." "This Christ, or divinity of the man Jesus, was his divine natures, the godliness which animated him. Divine Truth, Life, and Love gave Jesus authority over sin, sickness and death. His mission was to reveal the Science of celestial being, to prove what God is and what He does for man." p. 26).

HITLER'S INVITATION

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Berlin, Sept. 1.

The Japanese and Turkish Ambassadors and the Polish Minister, but neither the Italian nor the Austrian diplomatic representatives, have accepted Hitler's invitation to attend the National-Socialist party rally at Nuremberg next week at which the Reichswehr will also take part for the first time.

Arrangements made for the party rally are on a bigger scale than those of previous years. Count Ebassewitz and Herr von Mumm will take care of the diplomats who are to arrive via Berchtesgaden in a special train made up of saloon and sleeping cars. Everything will be done to make the diplomats as comfortable as possible. The train will arrive on Saturday next and return to Berlin on September 11.—*Transocean Kuo Min.*

HIMALAYA EXPEDITION

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Berlin, Aug. 31.

The leader of the German Himalaya expedition which turned back from the frozen heights of Nanga Parbat owing to the tragic death from pneumonia of the noted scientist-climber, Merkl, declared that he would again attempt to conquer the unscaled peak eighteen months from now, according to Press telegrams from Calcutta on Friday.

The surviving members of the expedition will recuperate at the mild mountain resort of Darjeeling before embarking for Germany on September 6.—*Transocean Kuo Min.*

EHRLICH MEDAL

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Frankfurtmain, Aug. 31.

The Paul Ehrlich memorial foundation awarded the Ehrlich gold medal on Friday to the noted German research worker, Dr. Walter Kikith of the Academy of Medicine at Duesseldorf "for outstanding accomplishments in the field of chemical therapy, especially the treatment of malaria."

The annual cash award was presented to the Berlin bacteriologist, Professor Frodner of Robert Koch Institute for investigations of bacterial morphology and biology, especially the achievements of breeding amoebae.—*Transocean Kuo Min.*

MAN'S CASTLE

Spencer Tracy In The Lead

"Man's Castle" coming on Thursday to the Queen's Theatre, has been called "The Seventh Heaven" of talking pictures.

"Seventh Heaven" as you may remember, was, and still is, hailed as the greatest production of the silent screen. It was directed by Frank Borzage, made immortal stars out of Janet Gaynor and Charles Farrell, and was counted by the country's critics as one of the ten best productions of 1924.

"Man's Castle" features Spencer Tracy and Loretta Young, already listed among the finest players of the screen. They are not unknown, as were Miss Gaynor and Farrell at the time of "Seventh Heaven". In addition, Mr. Borzage has been years more of experience since he made the silent picture. It is safe to predict that "Man's Castle" will do for talking pictures what "Seventh Heaven" did for the silent screen.

In addition to the stellar pair, the cast includes such capable players as Marjorie Rambeau, Glenda Farrell and Walter Connolly.

"WILD CARGO"

At The Oriental

Frank Buck's latest wild animal thriller is showing at the Oriental Theatre on Sunday, Monday and Tuesday.

Snaring a wild animal in a trap does not assure definite capture, Frank Buck learned when he nabbed a male Indian rhinoceros, considered one of the most valuable animals in the world, during his recent adventures in the Malayan jungles filming "Wild Cargo" and filling an order for rare animals for a zoo.

Employing one of his ingenious traps, Buck marshalled sixty native boys holding an intricate and immense net. As the rhinoceros approached the boys surrounded it with the net. The animal charged and escaped. Buck had to lasso the rhino and tie it to a tree with cables.

The only male rhinoceros in capitivity, the animal was placed with the St. Louis Zoo which it was captured alive by Buck.

THE KING'S

"Miss Fane's Baby Is Stolen"

An intimate glimpse of a motion picture star's private wardrobe is offered by Dorothea Wieck in Paramount's "Miss Fane's Baby Is Stolen". She is co-starred in the picture with Alice Brady. It comes on Wednesday to the King's Theatre.

Miss Wieck collaborated with Travis Banton, stylist at the studio, in achieving a wardrobe that truly represents the sartorial requirements of any woman following a screen career. In the picture, Miss Wieck plays the role of a favourite Hollywood actress, whose baby son, played by Baby Le Roy, is a victim of the child-stealing racket.

The wardrobe is strangely lacking in afternoon costumes because, as Miss Wieck explains, the busy picture star is never free to indulge in bridge and luncheon parties. There are, however, many lovely at-home costumes from tailored pajamas to alluringly feminine hostess gowns. The wardrobe also includes many tailored outfits for trips to and from the studio. Evening gowns and wraps are numerous, for the screen celebrity is called upon to attend many formal functions.

Among the interesting outfits in Miss Wieck's "picture-star-wardrobe" is a double-breasted topcoat of black and white checkered tweed. A visor tam of black wool and a scarf to match is worn with the coat, thus completing an ideal costume for a star's business day.

An at-home costume that combines comfort, beauty and chic is accomplished in a house-coat of dark green velvet that fastens up the side with an amusing row of braided frogs. Miss Wieck cleverly adds to this house coat an ascot scarf of white faille caught with a large crystal clip.

A first night ensemble was designed for Miss Wieck by Bonton in grey and silver lame. A luxuriant cape of blue fox carries out the subtle tones of grayish blue achieved in the gown.

Other outfits included in Miss Wieck's wardrobe are a tweed suit with a full length cape worn over a frock of the same material in oxford gray, a pair of tailored navy blue and white crepe pajamas with a mannish robe to match and a dinner frock of purple-blue crepe, caught with a wide girdle of fuchsia.

THE WANDERING JEW

At The Queen's Theatre

One of the biggest as well as the finest sets, ever constructed for a British Film was built by James Carter in the grounds of the Twickenham Studios for "The Wandering Jew" the picture now showing at the Queen's Theatre

The grounds of the studio were, in fact, miraculously transformed into a portion of Jerusalem, the Holy City. An exact replica of the famous Damascus Gate, the Great Praetorium where Christ was brought on trial before Pontius Pilate, the home of Matthias the Jew, and an entire street of native shops, where among the more important features included in this remarkable structure. Two large marquees were specially erected to accommodate the picked crowd of many hundreds who took part in the various scenes, and to whom Maurice Elvey issued his instructions by means of amplifiers.

The picture drew very good houses to the Queen's last night and those who went were impressed by the progress which the British film industry has made. The picture is distinctly for the intelligent cinema-goer and it deals with a difficult and almost sacred subject with a dignity that is all its own. No attempt to introduce any wit or humour into the film has been made—indeed any such interlude would rob the story of its beauty.

To attempt to describe the story here would be to deprive those who have not yet seen the film of most of their pleasure. Anticipation is the keynote of the picture, yet the story is slowly unfolded and the climax is reached so gradually that one could almost visualise the end. The acting by Conrad Veidt and Marie Ney leaves little to be desired.

JIMMY DURANTE

In "Strictly Dynamite"

Crowding more than entertainment into each one of its reels than most pictures do in their entire footage, "Strictly Dynamite", new RKO-Radio Picture at the King's Theatre is a real high explosive package of uproarious comedy, human interest, romance and song hits.

Jimmy "Schnozzle" Durante and Lupe Velez head the cast, with Norman Foster, William Gargan, Marian Nixon and the Four Mills Brothers. "Strictly Dynamite" focuses the laughter spotlight on radio broadcasting and its big shot comic exponent, Moxie Slaight. Moxie is looking for a new gag writer. George Ross, a fast-talking agent, sells him on Nick Montgomery, who came to New York from the sticks to write the great American poem. George represents Nick as strictly dynamite and expert in the psychology of humour. Moxie suffers from a Pagliacci complex, goes big for the psychology angle and sings the boy at a large salary.

Vera, Moxie's temperamental broadcasting partner, goes as big for Nick's good looks as Moxie did for his psychology. While Nick rides to fame and fortune with Moxie's reputation and the aid of old joke books, Vera looses her siren wiles on him. Prosperity and Vera go to Nick's head. He loses his clients and is about to lose his wife to George when events take a surprising turn. The climax is sidesplitting as Moxie faces the microphone to recite Nick's poetic chef d'oeuvre in one of the most hilarious comedy sequences ever seen on the motion picture canvas.

Durante never has been so screamingly funny as he is as Moxie. His antics, and peculiar dialect mark him as the ace comic in the entertainment world. Miss Velez is perfect with her pimento coquetry. Foster as Nick, Miss Mixon as his wife and Gargan as George give expert portrayals. In lesser roles, Eugene Pallette, Sterling Holloway, Stanley Fields, Tom Kennedy, Minna Gombell, Jackie Searl and Franklin Pangborn are splendid.

Musical highlights include Durante's renditions of his own "I'm Putty in Your Hands" and "Hot Potata". Elliott Nugent directed. To miss "Strictly Dynamite" is to pass up one of the brightest stars in the entertainment sky this year!

Home Lessons

One of the unexpected questions put to James the less in his "viva voce" examination was: "What is the meaning of matrimony."

"I don't know exactly," the boy admitted, "but I know mother says she's had enough of it."

TIM McCOY

In The Riding Tornado

A director of western pictures has one of the toughest and longest jobs in motion pictures, according to D. Ross Lederman, whose continued success with Tim McCoy and Buck Jones has won him the title of the "Ace" among western directors.

"The average director of western," said Lederman, on location at Newhall, California, for the stampeding scenes in Tim McCoy's latest and most thrilling western story, "The Riding Tornado," showing to-day at the Alhambra Theatre, "has to be horseman, cattle-wrestler, dramatic instructor and at the same time a human robot that never wears out."

"The hours that we work, for instance, are enough to make other directors, actors and even laymen shy away as from the plague. Working outdoors, dependent on the sun for lighting, we have to be on location at 5.30 in the morning. That means leaving the studio at 4 a.m. in order to drive the hundred miles to the ranch where we are shooting.

"Speed is of vital importance all day long, to take advantage of every beam of sunlight. Speed without careful planning the night before would be expensive, because the finished product would be practically useless. Every night of shooting, after I arrive home about nine o'clock, I spend at least four hours, mapping out exactly the routine for the next day.

"At sundown, our photographic work is done. Then the return trip to the studio to see the rushes for the previous day's shooting. Then supper. Usually by the time I finish laying out the work for the next day, it is one or two o'clock.

"That is not the exception that prove the rule. That routine, from 4 a.m. to 2 a.m. the the next day, holds every single day a western picture is being made. It demands a constitution that never breaks down and a love of the outdoors and horses that is paramount to all other desires."

Besides the redevil Tim McCoy, at his best in the leading role, there is an exceptional and capable cast including Shirley Gray, Wallace MacDonald, Wheeler Oakman, Russell Simpson and Montagu Love, who supply the romantic interest.

The picture is directed by D. Ross Lederman, and to those who have a taste for western films, we strongly recommend them not to miss it.

IMPERSONATING A POLICEMAN

"You come up here with a previous police conviction, and make filthy accusations against a young couple without any grounds whatever, I fine you $200, in default six months' hard labour," said Mr. E. W. Hamilton, the Magistrate in imposing sentence on Ho Man-wai, of No. 18 Sai Street, first floor, a 30-year-old unemployed, who was charged with impersonating the Oakland Path last Wednesday, when he appeared at the Central Magistracy on Saturday morning.

The complainants were Chan Yuk-pui, a student of No. 25 Second Street, second floor, and Au Ying, an 18-year-old spinster, of No. 7 Yee Fuk Street.

Inspector Hourihan stated that while complainants were walking along Oakland Path on Wednesday, accused stopped them, saying that he was a policeman, and asked for tea money.

Immoral Accusations.

The next night accused accosted complaints again, but this time he was afraid to ask for money as there was a constable near by. Instead, he went up to the constable and made immoral accusations against the complaints.

RETURNED BANISHEE

Before Mr. Wynne-Jones at the Kowloon Magistracy on Saturday morning, Leung Kan, returned banishee, pleaded guilty to a charge of returning to the Colony, before his term of banishment had expired.

It was stated by the Police that the accused was banished from the Colony on the 21st June 1934, for a period of ten years. On last Friday afternoon, the accused was recognized by Yau Chan, a Chinese detective, who arrested him in Kwangtung Road, Yaumati.

When questioned by his Worship, the accused told the Court that he returned to the Colony to settle his debts.

His Worship however, did not believe his story, and after hearing further evidence, sentenced the accused to nine months hard labour.

HANDBAG SNATCHING

Arrested in Johnston Road, Wanchai last Friday night with a lady's handbag in his possession, a Chinese named War Hung, described as unemployed, was charged before Mr. E. W. Hamilton at the Central Police Court on Saturday morning.

On being arrested, the accused told the Police that the handbag was snatched by him from some unknown lady, near Lockhart Road, Wanchai last Friday night.

The accused pleaded guilty and was sentenced to three months hard labour.

The handbag was ordered to be detained at the Wanchai No. 2 Police Station for identification by the owner.

POSSESSION OF OPIUM

Two Chinese women named Lee Yuet and Yip Kan, appeared before Mr. Hamilton at the Central Police Court on Saturday morning, charged with being in unlawful possession of 28 taels of non-Government opium.

The Police stated that the first accused Lee Yuet was the principal tenant of No. 13A, Po Leung Kuk Street, 3rd floor, and the opium was found hidden in her room. The second accused was only a tenant, who lived with her in a cubicle of her hourse.

The Magistrate imposed a fine of $840 or four months' hard labour on the first defendant and discharged the second accused with a caution.

MISSING FROM BARRACKS

Two Privates Of The East Lancs

Private K. Coles of the East Lancashire Regiment who was reported missing last Saturday week, but who turned up a few days later, and Private W. Leggett who deserted in the middle of last month, have again been reported missing from Barracks as a result of not appearing when called upon at 10 a.m. on Friday.

Desriptions of the men are:—

Pte. Coles, 23 years of age about 5 ft. 8 ins. tall; brown hair and s; mole on right cheek. He was last seen wearing a canvas jacket and trousers, army boots, and a service cap.

Pte. Leggett, 21 years of age; about 5 ft. 8 ins. tall; fair hair and green eyes; sallow complexion. He was last seen wearing an army jacket light boots, and his service cap.

CHINESE TRAFFIC MISSION IN EUROPE

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Hamburg, Sept. 1.

Major Krogmann this forenoon received the Chinese Military and Traffic Commissions now touring Germany. They arrived yesterday by the Hamburger, Germany's fastest train, and were enthusiastically greeted at the station by officials. They declared that they thoroughly enjoyed the ride in the wonder train and that the train's speed thrilled them.—*Transocean Kuo Min.*

London, Sept. 1.

Although struck by lightning while flying over the Channel on his way back to London, the pilot of a passenger plane managed to pilot his plane and passengers safely to its destination. The pilot's face, left arm and a portion of his clothing were singed but the shock was not strong enough to render him invalid. The wireless apparatus was completely destroyed.—*Transocean Kuo Min.*

MORE DOG BITES

Two Cases Reported

A dog belonging to a certain Chinese resident in Caine Road, was sent to the Kennedy Town Dogs' Home for observation after it had bitten a pedestrian named Cheung Sai Tin last Saturday afternoon.

Another animal belonging to Mr. Triggs, a resident of the Peninsula Hotel, was also sent to Mataukok Dogs' Home for observation. In this case, a Chinese amah named Li Luk was bitten in the leg, while she was standing by the sidedoor of the Peninsula Hotel, last Saturday evening, and was immediately admitted to the Kowloon Hospital for treatment.

IMPORT AND EXPORT DECLARATIONS

Government Makes A Concession

The following notification has been issued by Mr. J. D. Lloyd, Superintendent of Imports and Exports:

With reference to Regulation 3 of the Regulations under the Registration of Imports and Exports Ordinance, 1932, which requires import declarations to be furnished within seven days after taking delivery of imported goods, all importers are hereby notified that, in the absence of the usual documents covering such importation, interim declarations giving all available details will be accepted, provided that full and accurate declarations are furnished as soon as the documents required for their completion are available.

GENERAL AMNESTY RELEASES

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Berlin, Sept. 1.

Seven hundred and forty-two persons hitherto detained in protective custody throughout Prussia were released on Saturday by order of the Prussian Premier, Goering, this action being the outcome of the general amnesty proclaimed by the Reichschancellor just prior to the plebiscite of August 19.

According to an official announcement, the liberated persons represented considerably more than half of those hitherto detained throughout Prussia for political reasons. Most of those released formerly belonged to Social, Democratic and Communist parties since dissolved. Among the number are former Lord Mayor Magdeburg and Reuter who is also an ex-Berlin city councillor.—*Transocean Kuo Min.*

SWATOW NOTES

The Money Situation

(From Our Own Correspondent.)

Although the local money situation is at no time very steady, a situation has existed for the past few weeks, and still continues, in which the only fortunate ones are the local banks.

On the face of things there appears to be a serious shortage of silver, and notes of small denominations. We say "appears to be "as one can get either by paying a premium of from 6 per cent. to 10 per cent.

The manner in which the banks are reaping a harvest is as follows.

If an individual wants small notes ($5 or $10) or silver he must pay the premium required. However, when he wants to change this into smaller money he gets less than $5 for a five dollar bill and less than $1 (in small money) for a silver dollar.

One of the largest banks (not a strictly native bank) has accounts admittedly in in Mex. dollars, and cheque books which state definitely "Pay to.....silver dollars," and yet, if one wishes to withdraw say $500, he gets this in native notes of $50 and $100 on which he must pay the premium to change this into either small notes (native or Kwantung) or silver. Then when this is done he must lose again in converting his notes into dollars, or his silver into small money.

It is unfortunate that some good foreign bank cannot open a branch in Swatow so that people could at least get a square deal instead of being fleeced "coming and going" as is the case now.

* * *

A short visit was made to the Port last week by the U.S.S. Isabel, but not long enough for any sporting fixtures. We understand however, that she is temporarily placed on the South China Patrol and will be back in Swatow shortly. We also learn that there is a possibility of a visit to Swatow by several of the Destroyers of the U.S. Asiatic Fleet while on their way back to Manila.

* * *

Recent departures from the port are Mr. Leslie Stocker and Miss V. Sadkowsky. Leslie Stocker left for the United States where he will continue studies in the University of California. Miss Sadkowsky left for Shanghai where she has taken a business position. To both of them their many friends in Swatow wish the best of luck in their new surroundings.

* * *

We hear that Mrs. Pratt will sail from England next week en route back to Swatow. We have no doubt that Mr. Pratt will be very glad to see her back again, and his pleasure will be shared by those in the Port who had the privilege of knowing her as a good friend and a charming hostess. We must say however, that Mr. Pratt has proved himself a capable host in carrying on the weekly "At Homes" at the British Consulate throughout the summer.

* * *

Residents of the port are looking forward to the arrival of the "talkie outfit" ordered by the Customs Club, which is due about the middle of September. The first picture to be shown is 'Flying down to Rio," and judging from the the posters now displayed in the Club this promises to be a show that will be run to a full house.

LOANS FOR THE NEEDY POOR

Successful Scheme Operating In Peiping

Inaugurated in April under the mutual control of the Municipal Government and bankers, the Peiping Small Credit Loan Office has done good work among the poor in the urban and suburban districts of Peiping. With only a humble total capital of $30,000, the Peiping Small Credit Loan Office has already extended credit to more than 2000 persons, borrowing sums ranging from one or two dollars to ten or twenty. Many peasants, coolies and street vendors cannot earn a living simply because they are in need of a little capital to start with. Charging borrowers a very low rate of interest, the Loan Office is able to encourage deserving persons to make good use of their energies, and save them from misery and want.

The *Ta Kung Pao*, a Tientsin paper, commenting on this scheme, suggests that the activities of the Loan Office might be usefully extended to giving helpful advice to borrowers. By sympathetic treatment of applicants for help, strict supervision and efficient management, the Loan Office would not only be of great benefit to the poor and needy in Peiping, but would be a good example for cities in other parts of China to follow. Recently many financial leaders have been interested themselves in extending credit-loan in the interior, and the movement is one which should be given every assistance by the Government.

RESTRICTION OF REICH LABOUR

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Hamburg, Sept. 1.

Both Hanseatic cities, Hamburg and Bremen just closed their gates to influx workers from other parts of the Reich. This restriction was imposed by a decree proclaimed on Saturday by the President of the Reich Institute for allotment of work for the municipalities of Hamburg, Altona, Wandsbek, Harburg, Wilhelmburg, Bremen, City of Delmenhorst, Nordenham and Wesermuende and other districts.

Those persons who are not definitely domiciled in these districts on September 1, 1934 may not accept employment either as workers or office hands without the express permission of a competent labour office. By this action Hamburg and Bremen closed off against the labour market in the rest of the Reich in the same way as Berlin since May 18, 1934.—*Transocean Kuo Min.*

MANUFACTURERS' UNION FOR CHINESE

INAUGURATED BY HON. DR. R. H. KOTEWALL

Merchants Oppressed By "Dumping" Of Goods

In the presence of over 100 well known local merchants, the Chinese Manufacturer's Union was inaugurated by the Hon. Dr. R. H. Kotewall at the Hotel Cecil on Saturday.

The aims and objects of the Union are to improve the quality and quantity of local products, recommend buyers and sellers, and carry out what is of interest to the members in a spirit of co-operation.

Mr. Ip Lan Chuen, the chairman of the Union presided and among those present were Hon. Dr. R. H. Kotewall, C.M.G., LL.D., the Hon. Mr. T. N. Chau, and Messrs. W. J. Keswick, Li Yau-tsun, Li Yick-mui, Li Po-kwai, Ip Lan-chuen, Luk Kai-leung, Wong Siu-hing, Cheng Siu-kwai, Tse Pak-cheung Chan Yu-sang, and Yuen Chau-hing.

CHAIRMAN'S SPEECH

After Dr. Kotewall had performed the ceremony, Mr. Ip Lan Chuen, the chairman, said:

"To-day marks the inauguration of our Union. We are very glad that Dr. Kotewall, our Hon. President, is so kind as to perform the cememony, and that so many of the Colony's leading residents are present.

"During recent years the Chinese population in the Colony have established several hundred factories here, but there was no Manufacturers' Union or Association.

"Last summer the movement of reduction of import dutiea from the Chinese Government had been raised and, by the courtesy of the Chinese Chamber of Commerce, we formed our temporary headquarters there. Indeed, Mr. Wong Kwong Tin, chairman of the Chamber, has given us instructions and a great deal of help, such as the registration of our Union with the Hong Kong Government. We thank him very heartily for his assistance.

"The preparation Committees comprised of Messrs. Chan Yu-shan, Luk Kai-leung, Chan Lai-sheng, Kwan Did-chor, Ching Shui-kwai Lee Shiu Kai, Mo Kwan-to, Leung Chick-fan and Chang Kwok-kwong. They have rendered valuable assistance in the forming of this Association. On behalf of the Union I take this opportunity in thanking Mr. Wong Kwong-tin and all the Committees.

"Well Protected"

"In March this year, the Union was formed and executive committees were elected. The aims and objects of the Union have been stated in the manifesto.

"In my opinion Hong Kong has been a transportation post with no manufactured products, and if trouble occurred in any part of the world Hong Kong would suffer the most Now we are living under a well protected and peaceful government. All kinds of factories have been established and our products are improving rapidly. In times such as now I hope that the Colony's Government will aid us in our exporting goods to other British possessions from whom we will get the British Empire Preference, and help us to obtain the low cost prices on our products; and not be so strict to the manufacturers. Firstly, to give our members a comfortable living and to improve our business. Secondly, to give the manufacturers greater opportunities to establish factories in Hong Kong and make it an industrial district. This is our expectation from the Hong Kong Government."

HON. DR. KOTEWALL

Dr. Kotewall who spoke in Chinese said that Hong Kong because of its unique geographical position, is the chief commercial centre in South China. Consequently, many chambers of commerce and commercial guilds have been established here with the common object of promoting trade and commerce, and of mutual help and co-operation. In recent years quite a number of factories have been set up in the Colony, so it can be said that industry has an important place in the scheme of things here. As in the case of merchants, there is need for an association or union of manufacturers. This need has obviously been recognised by the founders of this Union, who are to be congratulated on the commendable energy and foresight they have shown. The Union is to be also congratulated on the able and experienced business men they have secured as members of their Committee. A union of this nature will provide, among other advantages, correct statistics of the ebb and flow of business, and facilities for the exchange of views and ideas, with the object of improving the methods of manufacture, as well as of marketing the productions of manufacture. Thus not only will the factories benefit by the association, but the whole Colony cannot but derive profit from it. There is a common saying: "A body can only be healthy when all its limbs are healthy." Our industries form a limb of the general trade and commerce of Hong Kong.

A Unique Position

Dr. Kotewall went on to say although Hong Kong enjoyed a unique position as a shipping port, a distributing centre and a "godown" for the South China trade, the development of industries in the Colony should not be neglected. Hong Kong offers special advantages for the establishment of factories, because of its ideal situation of obtaining raw materials, of an inexhaustible supply of labour, it can obtain and of the security and good government it enjoys. It is to be hoped that those who have money to invest should freely invest it in industries in the Colony, and that the Government should do everything in its power to encourage such investments, and to protect the interests of existing industries. It seems that the creation of the Chinee Manufacturers Union in Hong Kong at this moment is most opportune. It has helped to focus attention on the need for co-operation among manufacturers as well as on the necessity for greater Government protection to local industries in face of very keen competition. The Book of History has these words: "The immense sea is to be crossed; you are to be the ship to cross it." May it not be hoped that the Union will be one of the vessels that will successfully carry us across the tempestuous sea that is surging around us at this moment? (Applause).

THE MANIFESTO

The manifesto issued by the Union is:—

It is generally known that the flourishing of industry depends upon the advance of science, and the finance of a country can be judged by her industries. That is why the countries of Europe try every means to encourage industries. Seeing this and following the footsteps of the advanced countries with a hope to keep pace with them and do our part as citizens, the Chinese people in Hong Kong have established several hundred factories and workshops on the mainland as well as on the island during the last decades of years. The growth of factories in this part of the world is like the rising cloud and blowing wind. It helps to make the place prosperous, and is indeed a boom to the country.

Since the world depression set in, Chinese manufactured goods have been badly hit. In such circumstances the Chinese manufacturers in Hong Kong not only oppressed by the dumping of goods in the Colony from certain countries but are also shut off by the tariff wall in China. In order to save ourselves at this critical moment and set down something for the future, they realized that they could do nothing but gather together to form a union and cooperate in finding an outlet for their products. Accordingly this Union was officially formed on the 28th of March 1934.

The aims and objects of this Union are to improve the quality and quantity of local products, recommend buyers and sellers, and carry out what is of interest to our members in a spirit of co-operation. Owing to limited time and to everything being in a preliminary state, no official publication about the organization of this Union has been made until now. At the beginning about sixty factories participated, and not long afterwards thirty others applied and were admitted to membership. Since then we have had new members joining our Union from time to time. This shows that all the local manufacturers take an active interest in matters of public interest, and are aware that unless they unite, they cannot overcome these bad conditions.

With the above objects in view, we have been trying our best to induce the Chinese Government to reduce the import duty on goods manufactured by local factories with Chinese capital, labour and materials, on the grounds that we are Chinese and have connection with our mother country. To tax our manufactures as foreign goods is unfair. Besides, it is a great hindrance to the development of local manufactures. In these turbulent times, the Chinese Government should take into consideration the trouble of her people and assist them. Apart from this, there are numerous important problems confronting us. Firstly, we plan to open a local goods exposition or bazaar to give compatriots a chance to recognise local goods and buy them. Secondly, we intend to get in touch with manufacturers in the different parts of China in order to open an emporium for the sale of local goods. Thirdly, to publish a directory of all the factories and workshops in the Colony for the purpose of propaganda and of soliciting orders from abroad. Fourthly, to hold rotatory exhibitions. Men with locally manufactured goods will be sent to foreign countries to open rotatory exhibitions for the purpose of pushing sale abroad.

Finally, we collect information and furnish recommendations of raw materials to manufacturers; do research work and endeavour to improve methods of manufacture, and promote all that will be to the interests of our members; educate the people about economy, and try to improve trade. We shall do what we can to revive trade, and save the people from bankruptcy. All the above tasks have been committed to us. The mission of this Union is so great and important that advice is needed and will be much appreciated.

A GRIM TRAGEDY

Student Jumps From Roof of Hospital

A grim tragedy occurred last Saturday when a young Chinese student named Leung Fung Cheung, who was a patient of the Yeung Wo Hospital, Happy Valley, committed suicide by jumping from the roof of that institution.

The boy made his fatal leap just before 12.15 a.m., and it is alleged that he was alone on the roof and no one in the hospital witnessed his act.

The victim suffered serious head and body injuries and was instantly killed. His body was later picked up on the roadway below and was removed to the public mortuary.

According to the report made by the authorities of the hospital, the boy was only 20 years of age, and was living will his parents at No. 205, Hennessy Road, Wanchai, 3rd floor. The deceased was formerly a graduate of one of the Middle Schools in the Colony.

It is reported that prolonged illness caused the boy to commit suicide.

COLONY TATTOO ARRANGEMENTS

Military Spectacle To Be Filmed

Work on the Military Tattoo which is to take place on November 1,2 and 3 at the Sookunpoo Stadium, is progressing favourably and all units participating in the programme are well under way in their respective acts.

The Committee are now able to announce that the prices of admission will range from $10 to 50 cents, and that an elaborate souvenir programme will be drawn up and will be on sale at $1.

Arrangements are now in hand for booking reservations, which it is hoped will be done through local firms, while ships approaching Hong Kong on or before the date of the Tattoo will be able to book seats for passengers by wireless.

The matter of transport is receiving every consideration and it is quite possible that a special parking space for motor-cars will be made on the polo ground, while special arrangements for Bus and Tram services will also be made.

Initial rehearsals of the Tattoo will take place on September 22 and October 5, when the Committee will be present.

When the programme is complete dress rehearsals will be given which will probably be open to Hong Kong School children. These rehearsals will take place in the daytime.

The actual performances will commence at 9.30 p.m. sharp, and will conclude shortly after 12 o'clock midnight.

Although nothing definite has been arranged it is expected to have the Tattoo filmed, either by a local company, or by some outside producer.

GOVERNMENT HOUSE SCHEME

Draft Ordinance Published

In connection with the Government House and City Development Scheme, the Gazette publishes an ordinance to make provision for financing and carrying out a scheme "for a new Government House and for the development of a portion of the City of Victoria."

It is explained that the Government House and City Development Scheme authorised by this Ordinance is essentially a self-contained unit which will be proceeded with as circumsances permit.

The scheme involves the sale from time to time of building sites which it is anticipated will yield more than sufficient to pay for the entire undertaking, though it may be necessary at certain stages to obtain advances from the revenues of the Colony.

To pay into the general revenue of the Colony the large sums which have been or will be received from time to time in connexion with such land sales would result in apparent fluctuations in the normal revenue of the Colony which it is desirable to avoid.

As, however, the proposals that revenue receipts from such land sales should pass into a special Fund, instead of to revenue, and that the expenditure on the Scheme should be met from the Fund and authorised by resolutions of the Legislative Council involves a departure from the ordinary rules of Colonial accounting, the Secretary of State, in approving the proposal, has required that the Scheme should be conducted under a special Ordinance which would legalise the diversion of the revenue from land sales from general revenue to the Fund and would also enpower the appropriation of the expenditure on the scheme by resolutions of the Legislative Council.

JUMBLE SALE SUCCESS

Preparation For Winter

Over $120 was collected at the Jumble Sale organised by the Mothers' Union and held at the St. Andrew's Church Hall on Saturday afternoon.

Within half an hour of the opening of the doors, the greater part of the clothing and material offered for sale had been taken up by the large numbers who came from both Hong Kong and Kowloon.

The proceeds of the sale will go towards the funds in preparation of the winter session work by the Mother's Union.

CONCERT IN DECEMBER

Chinese Choral Society

The Chinese Choral Society will resume regular rehearsals on Tuesday, September 4, at 5.30 p.m. in the Chinese Y.W.C.A., at 38C, Bonham Road. With Miss T. H. Shin as President, Mr. B. C. Lee as Vice-President and Mr. K. C. Lam as Hon. Secretary, a live Committee have, during the summer months, kept the Society together by monthly socials, launch picnics, garden parties, etc., which have been much enjoyed by members and friends.

With the advice of Mr. J. Anderson Miller, L.R.A.M., the Committee have decided to present another programme of miscellaneous music for a concert to be given early in December. This will include various madrigals by Thomas Morley, Dowland, Beak, etc., part songs, folk songs and arrangements like King Arthur (Hugh Robertson), Sir Eglamore (Balfour Gardiner), Bobby Shaftol (Dr. Whittaker) with the addition of Stanford's renowned Songs of the Sea for Baritone solo and Chorus.

It is hoped that all Chinese vocalists will support the Society in its endeavour to set a high standard in music. Its members are already keen and diligent. Additional voices, especially Contraltos, are, however, required and are invited to attend the first or any subsequent rehearsal at 5.20 p.m., or to make application for further particulars to the Hon. Secretary c/o the Chinese Y.M.C.A. (Bridges Street) or the Y.W.C.A., 38C, Bonham Road.

PROTECTION FOR BRITISH SHIPPING

After prolonged consideration the British Government has decided to take measures to protect British shipping against the attacks of foreign governments, but only unwillingly is it proposing to enter into a competition of subsidies and it is no satisfaction to itself that the British shipping industry is now to be the recipient of the favour of a subsidy. The position had become critical for Great Britain is an island depending for her prosperity on world trade and a successful mercantile marine service. One of the invisible forms of exports by means of which she pays for her imports is the services rendered by her ships in carrying cargoes and passengers and in the past she carried one-third of the foreign cargoes of all the nations.

Two reasons have brought about the change. Firstly, sea-borne trade has fallen since 1929 by one-third, and is less than in 1913. Second, and far more important, the proportion of British shipping used in this trade has diminished because other governments have heavily subsidized their national marines, and the result is a glut of ships. It is acknowledged that every important country in the world to-day possesses more merchant vessels than before the war except Germany whose vessels were surrendered, and the United Kingdom, which has provided no artificial stimulus.

One-tenth of the existing ships under the British flag are laid up in idleness, and nearly half of the officers and men are unemployed. The once prosperous tramp shipping companies have eaten up their reserves, and are now near the end of their tether. It is under these circumstances that Mr. Runciman, the president of the Board of Trade, has announced a departure from previous British policy. He will grant a comparatively small subsidy of £2,000,000 for one year for vessels carrying tramp cargoes, and solely for defensive purposes, on condition that shipowners formulate a scheme to insure that the assistance will be used to bring employment only to British ships which are subjected to subsidized foreign competition. He also proposes a grant to encourage owners to scrap old tonnage and replace it with a lesser amount of modern tonnage.

The proposals do not go as far as the shipping industry had hoped. The British Government is extremely unwilling to take any measures against foreign shipping which might seem provocative. But it may take further steps if it is driven to do so. It still hopes, however, in spite of the failure of the International Shipping Conference and the World Economic Conference, that it will secure co-operation among the nations. If that end can be attained, it will be far the happiest outcome. It is natural that every country should desire to possess its own ships; but it is folly that each should adopt a policy which leads to the possession of half as many ships again as the world can use.

The robber or robbers made off with $400 in cash, three gold finger rings and a quantity of clothing.

Up till late last night no further details were available.

RAID ON HEROIN FACTORY

Equipment Worth Nearly $10,000

Shanghai, August 28.

A heroin and "red pill" factory, in operation, was raided by Settlement police at noon yesterday in the Yangtszepoo district, five Chinese workers being arrested and the alleged owner of the premises, a Japanese, being detained for questioning. A large quantity of narcotics in various stages of preparation was seized, as well as elaborate equipment.

The raid, in which Japanese Consular Police participated, was one of the most important of its kind conducted in Shanghai this year. The factory, it was estimated, had been operated for less than two weeks and, because of its complete and up-to-date installations, was potentially one of the most dangerous sources of narcotics in the community. The investment made in machinery and other equipment was held to be nearly $10,000.

When the raiders, led by officers from the Yulin Road Police Station, closed in on the place shortly before noon, they found that the front two-storey building was occupied by a Japanese wine-making plant. Situated in the rear of this structure and well shielded from prying eyes was the heroin refinery and red-pill factory, both one-storey buildings. The address is 117 Ningkuo Road, near Pingliang Road.

Full Capacity Not Reached

Altogether, the factory consisted of four units, designed to produce heroin and red pills with speed and efficiency. It is believed that, although nearly every department was operating, the plant had not started turning out narcotics at capacity. Some of the equipment had not been used.

As the police entered the place, consternation was caused among the five operatives, who were all young men and who apparently had considered themselves safe from interference. They made no resistance, however, and were quickly taken to the Yulin Road Police Station and put behind bars.

Elaborate Machinery

An inspection of the premises revealed a comparatively small quantity of crystalline heroin on hand, perhaps two pounds. Besides, eleven pounds of crude morphine was found, but no red pills. There was, however, a whole unit devoted to the making of red pills, with driers and other equipment. It is thought the supply of pills had been recently exhausted.

The following data will help give an idea of the actual capacity of the factory:

There were two electric motors of one horsepower each.

Five suction pumps.

One large brass still with condensing apparatus.

Three drying stages with about ten trays each.

A large quantity of retorts, filtering flasks, porcelain filters and other distilling apparatus also was found. The liquid resources included bottles of acid, ether and various filtrates. Rubber gas masks, used by workers handling ether, were found in profusion.

It is estimated that the combined floor space of the four units was 1,150 square feet.

If Gossip We Must

BY STREWTH

How the heat does bring them out! The luscious buds waiting to burgeon into womanhood! The tough guys with hairy knees, or surrounded loosely by the white mess jacket of impeccable respectability! In the heat they all seem to flourish exceedingly. Not so myself. It makes me feel a little weary; a little weak and womanly; a little reluctant to afford my fellow creatures the exquisite luxury of my society.

In other words a tiring week, full of things that one must go to because they are so pleasant, balls, picnics and parties, especially picnics. The party I enjoyed most was sitting in the Kowloon Cricket Club watching the Japanese play tennis. It is stale news that the K.C.C. is one of the best run clubs in the Colony and that evening it seemed better run than ever. I hope it will never fall a victim to the brutal soldiery!

..... BUT NO!

It has, in fact, been an ideal week for the Gossip writer. Much has happened; which being so, I take a perverse pleasure in not writing about any of it. Personally I, (and you too, I imagine, being a sensible person), get rather tired of the perpetual catalogue of identical names and faces. Besides it isn't fair on us women or our husbands.

Neither of us can possibly afford enough frocks to satisfy the gimlet eye of the press, however gimletted it may be. We know each other too well.

THROUGH WESTERN EYES.

But it occurred to me, as I was sitting one night in the Repulse Bay Hotel, how many speculations we must cause in the minds of tourists who come to Hong Kong for a day or a week. One hears their reactions to the scenery, but seldom to the inhabitants.

I shall imagine then, that I am one of a party of globe-trotters seeing Hong Kong for the first time I am sitting in the Ballroom at Repulse Bay, eating an excellent dinner, and watching the dancers. What types! What types! A bag of nuts to the lady or gentleman who guesses them all correctly!

The first to catch the eye and how he fills it is a young man, ruddy and rotund. His shapely curves melt gracefully into the rhythm of the dance; his confidential gaze and grasp envelop his partner completely.

When she comes up for air, she is seen to be divinely blonde divinely dressed. She has a pronounced air of femine helplessness, a drooping "Oh you big strong man" look in her lovely eyes.

Watching her, and pretending not to, is a large, very very beautiful young man. He does not dance, but watches those that do with a look of cynical boredom.

At a table on my left sit two girls who have all the makings of a promising "Sister Act." I fear, however, they would have little success on the Vaudeville stage; their repertoire seems very limited. Tall, brunette, delightful, they stage their only turn as a non-stop performance. It consists of a pretty, touching interest in one another that I imagine must be infuriating to their baffled escorts. However, they occasionally throw a sop to the latter in the form of a brilliant smile which means absolutely nothing.

Sitting with them, in a continual forth and bubble of amusement is a bouncing, beaming little man to whom I take an instant liking. He seems to possess every human virtue and very little hair.

Good Lord! What's this coming through the doorway? Another sister act! This time blonde, enthusiastic, and knockabout comedy. They look very outdoor.

I must stop. The boat sails at dawn. All the same I can't help feeling waves of curiosity.

Who was the red-faced young man near the door who laughed at his own jokes and smiled patiently at other people. Who was the jolly middle-aged man with the shoulders (but alas no longer the stomach) of an athlete?

The car is at the door. I must leave all these problems for you to solve and say Goodnight and Goodbye to Hong Kong.

HOME FOR DESTITUTES

General Chan Chai Tong Interested

Canton, Sept. 1.

In sympathy with the poor and homeless of the city, General Chan Chai Tong, Commander-in-chief of the 1st Division Army has decided to build "homes" in different parts of the city for housing these unfortunates.

Acordingly, the Provincial Government has instructed the Municipal Authorities to attend to the matter.

Plans for the proposed "homes" have already been prepared, and the Public Works Department has the construction work of these buildings in hand.

It is reported that first Home will be built near the Pearl Bridge, which is an important and busy locality with convenient communications.

It is expected that the building will be completed in October of this year.—*Nam Wah Yat Po.*

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894 Received, September 1, 7.30 p.m.)

Paris, September 1.

The alleged details of the French Government's memorandum to the League of Nations on the Saar question were published in the "Excelsior" which states that the memorandum will adduce a proof of fact that the French Government has firmly resolved to protect the rights alike of France and of the Saar population.

The memorandum calls the League Council's attention particularly to the four following points which are still awaiting settlement: firstly, the fate of 15,000 French citizens inhabiting the Saar region; secondly, the future commercial relations between France and the Saar which is a matter of great importance since the Saar is one of the principal clients of France; thirdly, the future status of the Saar mines; and fourthly, the recovery by France of from 1,200 to 1,500 million gold francs now circulating in the Saar region and which in the event of the incorporation of the region in the German Reich, may not be exchanged for paper marks.

The "Excelsior" expresses the belief that the memorandum will also draw the League Council's attention to the future military status of the Saar region which is a momentous problem, the neglect of which is liable to entail grave consequences and the maintenance of peace. The paper points out that France likewise is interested in the question of police, all the more so since according to the previous decision of the League Council, the Saar Governing Commission is entitled, in case of need, to request that French troops be despatched into the region in order to restore order.

COMMISSION'S REPORT

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Geneva, September 1.

The League of Nations Secretariat published on Saturday 1, the latest quarterly report of the Saar Government Commission for the period April 1 to June 30 this year, and also, 2, the report to the League of Nations of the Saar Governing Commission about the documents confiscated in the office of the voluntary labour service of the German Front.

The former report deals with the usual social, economical and political administrative development in the Saar territory but has no special political significance. One noteworthy fact emphasised therein is that the unemployed in the Saar at the end of June was 31,980.

NEUTRAL POLICE FORCE

The second report about the confiscated documents really consists of a lengthy letter from Mr. Knox, the president of the Governing Commission to the General Secretary of the League of Nations, accompanied by three supplementary documents already printed in part by the Saar daily press. Mr. Knox declares that he was obliged to forbid Voluntary Labour Service in the Saar, and once again urged the League of Nations to support the Saar Governing Commission in its endeavours to obtain a neutral police force for use in the Saar to cope with the situation revealed by the contents of the documents confiscated from the office of the German Labour Front.—

TRAIN SMASH OUTRAGE

Two Foreigners Recaptured

AEROPLANES TO THE RESCUE

Harbin, Sept. 2.

Mr. Johanson and Mr. Lury, of the Metro-Goldwyn-Mayer film organization, who were kidnapped by bandits in the attack on the train bound for Changchun on Saturday, have been recaptured. They are unhurt.

Mr. Murakami, a Manchukuo civil servant, has also been rescued and arrived in Harbin.

It is revealed that the bandits were found on an island on the Sungari River forty miles southward of Harbin by aeroplanes. As a result of this discovery Japanese marines and soldiers were landed from gunboats.

Despite a threat that he would be shot, Mr. Murakami shouted when he heard Japanese voices. The bandits fired, wounding him thrice.—

ANOTHER ATTACK

Harbin, Sept. 1.

Another outrage occurred to-day when bandits, using fog signals stopped a west bound freight train 18 miles east of Ashiho and then subjected it to a fusillade of bullets, wounding the Russian engine driver and the Manchu fireman.

Notwithstanding his wounds, the driver successfully withdrew the train eastward to Erhtientantze.—

DUKE'S VISIT

Programme For Return Trip

London, September 1.

The Duke of Gloucester arrived in London early this morning from Balmoral Castle where he has been staying with the King and Queen. He proceeded at once to Buckingham Palace and is now engaged in completing arrangements for his departure on Tuesday for Marseilles to join the cruiser Sussex for his voyage to Australia where, as the King's representative, he will attend the Melbourne Centenary celebrations.

The following is the programme for the Duke's return journey in H.M.S. Australia from New Zealand to England after his visit. His Highness will leave the Bay of Islands on January 27 and arrive at Suva, Fiji, on January 30, where he will remain until February 3. On the 4th he will arrive at Apia in Western Samoa which he will leave on February 6. From 23rd to 26th February he will be in Panama Canal Zone and will arrive at Kingston, Jamaica, on February 28.—

EPIDEMIC IN POLAND

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Warsaw, Sept. 1.

The virulent epidemic of dysentery has taken a total of 250 lives out of more than 1,400 cases smitten with the disease in the East Polish counties of Volhynian and Stanislav according to the semi-official "Gazeta Polska" on Saturday night.

All public meetings including marketing days are prohibited throughout the affected districts while a small army of doctors and nurses are sent out from the surrounding cities.

The epidemic is officially attributed to the scarcity of well water in this section of the country and the widespread practice of eating raw and uncleaned fruit.—

U. S. TEXTILE STRIKE

A Million Workers Affected

New York, Sept. 2.

It is estimated that at least a million workers are directly or indirectly affected by the strike beginning at 11 p.m., including 15,000 workers in the woollen and worsted industries.

Half a million workers in the cotton industry employed in 1,200 mills throughout the country and 200,000 workers in the silk and artificial silk industries in addition to 250,000 cotton garment workers are expected to join in the strike.

RUSSIAN WOMAN TORTURED

Allegations In Moscow

Moscow, September 2.

After the Soviet press allegations that the Japanese had tortured the arrested Soviet employees of the C.E.R., the Assistant Foreign Commissar, M. Stomonyakow drew the attention of the Japanese Ambassador to the alleged torture of a Soviet woman, Mlle. Golvina, by the Japanese police at Harbin.

It was asserted that metal bars were thrust between the fingers which were tightly bound. She was beaten in the face with the fist, hair was torn out, and water was poured into the nose and mouth until she was unconscious.

UNEMPLOYMENT IN ITALY

New System To Be Tried

Rome, Sept. 1.

With the object of checking the serious rise in unemployment and ensuring the success of the co-operative government system, Signor Mussolini is attempting to attract the former Socialists, who are now outside politics, into the Fascist Party.

Il Duce has reported that he had a cordial meeting with Signor Caldara, the Socialist ex-Mayor of Milan, and suggested his forming a Left Wing of the Fascist Party in which the old influence with the masses could be used to support the new system.

Meanwhile, labour officials are holding conferences regarding unemployment proposals, including a reduction of hours, the abolition of overtime and holiday work and a drastic reduction in female labour.

It is noteworthy that in connection with the latter, the newspaper "Popolo d'Italia" publishes an article probably written by Signor Mussolini, attacking female labour as a hindrance to the production of families.—

AIM TO DIVIDE THE POWERS

French Press Views Of Monetary Policies

Paris, Sept. 2.

The fall of sterling continues to agitate the Press. It is suggested that Dr. Schacht's recent declarations are really aimed at accentuating the fall of Anglo-Saxon currencies with a view to dividing the powers on monetary policy. The only means of defeating such a manoeuvre would be an Anglo-American agreement or at least a provisional arrangement to stabilise the pound and the dollar.

An authoritative paper, the "Agence Economique et Financiere," argues that the Bank of France should refuse to receive gold on foreign account, so that holders of gold abroad will be obliged to realise it solely in London which will cause a reversal of the present tendency of sterling to drop and render future operations on gold and sterling practically impossible.—
Reuter.

NO ANXIETY

London, Sept. 1.

A further advance of 5½d. in the price of gold to a new high record of 141/5d took place to-day, the increase on yesterday's price being based on supply and demand and including premium of 2/4d. over the dollar at 4.99¾ and seven pence over the franc at 74 23/32.

Sterling was slightly firmer on most of the principal centres to-day.

The downward movement of the past few days has caused no anxiety in city financial circles where there is confident relief that it is mainly due to "Bear" sales and that covering of such operations will shortly produce recovery in rates. It is realised that no change has occurred in the economic situation of the country to warrant depreciation.—

OPERATIONS OF BROKERS

Federal Board Control

Washington, Sept. 1.

The intention of the Federal Reserve Board to supervise with microscopic minuteness the marginal operations of brokers and stock traders is revealed by the preliminary draft of the regulations which provide for an extension of credit to traders of between 55 per cent. and 75 per cent. of the stock prices, making marginal requirements ranging from 25 per cent. to 45 per cent. These figures, however, are tentative, and may be made in fuller detail to cover the margins for various price groups.

The draft details at great length how margin accounts may be continued after the original extension of credit, and this is being vigorously criticised by brokers, who feel that the board is attempting to go so far that brokers might be required to double the number of their employees in order to deal with the new conditions which are likely to arise.

Brokers are also concerned in case these new rules should further decrease the liquidity of the market.—

STORMTROOP MOTORISTS

An Independent Organisation

[Special to the "Hong Kong Daily Press" (*Copyright.*)]

Berlin, Sept. 1.

The "Motorist Division of the Stormtroops" was constituted an independent organisation on Saturday by a decree of the Fuehrer, being totally separated from the Brownshirt and Blackshirt organisations. The new body was amalgamated with "the National Socialist Power Corps" to form a distinct unit immediately responsible to Hitler.

"The National Socialist Power Corps" includes a great percentage of motor cyclists in the Reich, both party and non-party members who undertake to place their machines on special occasions at the disposal of the party's ward officers or themselves to take part in the regular road manoeuvres.

The Corps chief, Muehnlein who also held the highest Stormtroop rank of "fast group leader," was appointed by Hitler to continue to lead the enlarged organisation.—

TRAINING GALLOPS

Full Particulars of Saturday's Tryouts at the Valley

BY "MORNING DEW"

With the approach of the racing season, training times will appear regularly in the "Daily Press," again, Saturday's gallops appearing on Monday and the mid-week gallops in Thursday's issue.

Below will be found the times "clocked" last Saturday. There were no outstanding efforts, but it may be interesting to observe that among the Australian ponies which moved well Racing Heart and Just That impressed the most. Don, Cossack's Beauty, Gladiator, Warrington, Copper Idol, Chow Fan, and Hey Tor were some of the China ponies which appeared in good trim.

A novices event, with thirteen entries, was the feature of Saturday morning's gallops. A full description appears elsewhere in this issue.

JONES AND GRIMMITT WIN PAIRS TITLE

Inspired Bowls Witnessed At K. B. G. C.

Some brilliant bowls was seen at the Kowloon Bowling Green Club yesterday when F. W. Jones and A. W. Grimmitt won the Open Pairs Championship final by defeating W. K. Way and A. S. Gomes, 28-10, in a very keenly contested encounter.

The score by no means gives an indication of the play as both pairs were neck and neck up to the eighth head when Grimmitt and Jones led 9-8.

Thereafter the latter pair played inspired bowls and as a result the Craigengower pair did not score for the ensuing 11 heads, scoring a two on the 20th head, for Jones and Grimmitt to take a comfortable victory on the 21st head.

Jones was the best of the four contestants and played one of the finest games seen at the Bowling Green for some time, although it must be said that Grimmitt also *played at the top of his form.*

Way was the better of the losing pair and it was only inexperience which accounted for the tremendous difference in the play from the 9th head onwards.

This is the second final which Grimmitt has taken part in, having been in the winning four in the Open Rink Championship.

COLOMBO WINS!

"Novices St Leger" On Saturday

FULL DRESS REHEARSAL ON SAND TRACK

The monotony which prevails at Happy Valley each morning during the training preparation was relieved on Saturday by the staging of an unofficial novices race. The event, which was sponsored by the officials of the Jockey Club proved a thorough success and promises to be a regular weekly feature.

Promptly at 7.15, after most of the ponies have done their morning's work, the signal to clear the course was given by Mr. T. E. Pearce who rang the "saddling" bell. The entries (both ponies and jockeys) had been sent in a few days before, and the handicaps duly worked out, the Handicapper apparently taking into consideration, not only the quality of the pony but the ability of the jockey as well!

A few minutes after the saddling bell, the jockeys issued from the weighing room—thirteen in all! There were originally fourteen entries, but one of the entrants, Mr. E. Joseph, stood down.

The Field

The ponies and jockeys together with their weights were as follows:—

1. Hell for Leather (Mr. C. Taylor) 160 lbs.
2. The Carp (Mr. Yue Shun Wah) 160 lbs.
3. African Eve (Mr. H. A. de B. Botelho) 145 lbs.
4. Vago (Mr. F. I. Ko) 135 lbs.
5. Colombo (Dr. S. K. Lee) 140 lbs.
6. Dare Devil (Mr. Yeung Wing Kwai) 140 lbs.
7. Racing Spirit (Mr. Lo G. Hin) 140 lbs.
8. Griffin (Mr. Joseph) scratched.
9. Delightful Chance (Mr. F. F. Li) 148 lbs.
10. Griffin No. 178 (Mr. W. C. Choy) 140 lbs.
11. Harbour View (Mr. E. L. Hosie) 130 lbs.
12. Griffin No. 187 (Mr. W. H. Choy) 140 lbs.
13. Black Velvet (Mr. Braude) 190 lbs.
14. Deigo (Mr. C. N. Kong) 140 lbs.

The Race.

Mr. A. J. P. Heard sent the field off from the "Two Miles Post," but the timing was only taken from the 1 Mile Post. It was seen that Hosie on Harbour View was badly left and this pony was never in the picture at all.

Vago, The Carp, and Colombo were prominent all the way round, with Delightful Chance lying handily behind them. The others were well strung out.

The Carp led the way into the straight followed by Delightful Chance, Vago and Colombo. It was in the last furlong that The Carp began to lose ground, Delightful Chance passing him to take the lead for the first time. Colombo meanwhile came along on the outside with a big rush and passed both The Carp and Delightful Chance in the last hundred yards to win by a length and a half. Five lengths separated Delightful Chance from The Carp who was lucky to find a place at all as Vago and Racing Spirit were close on his heels at the finish.

Dr. Lee rode an excellent race and we feel convinced that he is booked for a good time, as already the more forward of the "memsahibs" are giving him the "once over."

The successful riders were given a great ovation by those present. It seems unnecessary to add that no time was lost in drawing up a sweep on the race and most of the people present had some interest in the event.

Some Other Handicaps

Black Velvet's handicap was 148 pounds, but his jockey could not make less than 190 lbs. Harbour View, it was seen after the race, was slow to get away because one of his jockey's stirrups was broken at the start.

The time for the last mile was 2.17, which considering the class of the ponies, and the fact that they were on the sand track was not bad at all.

These weekly races on the sand track are designed to give the novice plenty of riding experience, by enabling them to appreciate what conditions are like during a race.

BOWLING GREEN'S BIG WIN

CRAIGENGOWER'S SECOND TEAM TROUNCED IN FIRST DIVISION

Indians Sure Of Second Division

The feature of the week-end lawn bowls fixtures was the smashing victory of the Kowloon Bowling Green over the Craigengower "B." The winners came away victorious by 91 shots to 39, which is a record for the the present season.

The Police playing at home won at the expense of Kowloon Docks while the Club de Recreio also won at home, from the K.C.C. The only surprise in the first division was the defeat of the Civil Service team at home

The Indian R. C. are now virtual champions of the second division. They are now six points ahead of their nearest rivals and assuming they lose all their remaining matches, they will still be at the top of the league table. On Saturday, they scored a win at the expense of the Police R.C., who were their nearest rivals.

K.B.G.C.'s Easy Win

The game on the Bowling Green's rinks was one-sided in that the home team won comfortably in all directions. W. S. Drake's four scored 34 shots against Cavanagh's 9; R. Hall obtained 34 to Rooselet's 15; and L. Guy 23 against Lewis' 15.

Police Success

The Police accounted for the Kowloon Dockites on two out of three rinks. Moss's team led by 22-11 against McKellar's and A. R. Clarke emerged ahead of Brown's rink by 25-18. The only Police rink to go down was that skipped by Hollands who scored 17 shots against Greig's 21. The Police consequently won by 64-59.

Recreio Wins

The Club de Recreio scored a comfortable win over the K.C.C. on their home ground, winning on all three rinks. C. G. Silva's team beat J. Fraser's four by a single shot (19-18), F. X. Silva's rink won by the big margin of 34-11 against A. E. Silkstone's four while A. H. Basto also score a win, coming away against Phillips with five shots to spare.

C.S.C.C. Unlucky

Civil Service were unlucky to lose on their home ground. Hollidge was not playing his usual sound game and went down by a single shot to R. Wallace (18-19). Deakin met with no success being beaten by Chalmers to the tune of 29-11. Strange beat Norrie by 24 shots to 11. The home team therefore went under by six shots (59-53), but had Hollidge or Deakin had a fair share of the luck going, things might have been very different.

SECOND DIVISION

Indians Meet Rivals

The Indian R. C. entertained their rivals, the Police R. C. at Sookunpoo and much interest was taken in the game as upon the result hung the fate of the second division. The home team was in great form, Minu's rink winning by six shots from Carey's while K. M. Omar's four accounted for McHardy's rink by 25-16. The duel between Dallah's men and Glendenning's proved very interesting, the Police representatives winning by 24-21, thus allowing the match to finish with the score at 67-55 in the Indian's favour.

K.C.C. Beaten

The Kowloon C.C. was beaten on their home green by the Club de Recreio by 64 shots to 50. The visitors won on two rinks and lost on one. J. Ribeiro's victory over J. M. Jack's was the biggest in the game the margin being 16 shots.

Electricians Up

Playing at home the H.K. Electric R.C. won by 75 shots to 52 against the Civil Service. Paul and Duckworth both won by comfortable margins and more than made up for the deficit caused by Carrie who was playing against a rink skipped by Luck.

K.B.G.C v. R.H.K.Y.C.

The Bowling Green visiting the Yacht Club came away victorious by 58 shots to 52. The score was very low on two rinks, but G.F.F. Thompson made victory certain by scoring 27 shots against A. Macfarlane's four.

Footballers' Bad Luck

The Football Club had hard luck in being beaten by only two points by the Craigengower C. C. who finished up with 55 points against the losers' 53. E. S. Carter gave the home team a lead of six shots, but Brooksbank dropped four, and Haynes dropped four shots against the C.C.C.

STRANGE ACTION OF C.A.A.F.

Suspended Swimmer Participates

Mak Wai-ming, versatile swimming star of the Chinese Civil Service Swimming Club added further to his laurels on Saturday night when he took first place in the 200 Metres Breast Stroke event.

Although eclipsed in the 400 Metres Free Style by Chan Fuk-sing, Mak Wai-ming put up a spirited showing and lost as a result of a last minute spurt by Chan Fuk-sing.

Strange to relate, although Chan Fuk-sing has been suspended by the Chinese Amateur Athletic Federation for 1 year as a result of a disgusting scene at a water-polo game a month ago, he participated on Saturday night in an open relay event against other Chinese Clubs affiliated to the Federation. Doubtless this was an oversight on the part of the Civil Service Club in allowing Chan Fuk-sing to participate.

Swimming conditions on Saturday night were far from ideal and one event had to be cancelled owing to the choppy sea and high winds prevailing.

The following were the results: 150 Metres relay:—1 Chinese Athletic Club; 2, Chinese Civil Servants; 3, Chinese Bathing Club.

Time:—1 min. 43.3.5 secs.

50 Metres breast-stroke (Children's)—1, Lai Sau-fan; 2, Lai Sau-yi; 3, Lau Fan-ho.

100 Metres (women's):—1, Ng Shun ying (1 min. 40 secs); 2, Chan Yuk-king (1 min. 52 secs.); 3, Lai Sau-chu.

200 Metres breast-stroke (men's) —1, Mak Wai-ming (3 min. 18 secs.); 2, Kwok Chi-shun (3 min. 38 secs); 3, Pau Hon-lam (3 min. 45 secs.).

100 Metres (for active members) —1, Chan Fuk-sing (1 min. 32 secs.); 2, Cheung Kam-wah (1 min. 36 secs.); 3 So Yen-kit.

100 Metres (men's)—1, Chan Fuk-sing (1 min. 12 secs.); 2, Chan Ping-hung (1 min. 26 secs.); 3, Ip Chun-shi.

50 Metres breast-stroke (girl's). —1, Lai Sau-ming (56 secs.); 2, Lai Sau-yi (58.2.5 secs.); 3, Leung Ching-chen.

400 Metres (men's):—1. Chan Fuk-sing (6 min. 14 secs.); 2, Mak Wai-min (6 min. 22½ secs.); 3, Chung Yiu-tin.

Threading the Needle:—1 Miss Leung Ching-chen and Mak Wai-ming; 2, Miss Leung Ching-miu and Kwok Chi-shun; 3, Miss Ng Shun-ying and Li Shiu-lung.

V. R. C. GALA

Interporters Give Exhibition

The absence of W. Lawrence, one of the "star" men in the local interport swimming team, and of Lau Po Hay the outstanding breast stroke swimmer, from the V.R.C. gala on Saturday robbed the function of a good deal of its interest, but nevertheless the remainder of the team made a brave show of it and some good swimming was seen.

In the 50 yards free style, E. H. da Roza, fulfilled expectations when he came home in 26.1 seconds a touch ahead of Paget. Roza got off just before the "Go" but nevertheless his exhibition was a brilliant one.

In the 440 yards, L. Roza Pereira had no opponent. He was paced over the first 200 yards by A. A. da Roza and over the final 240 yards by W. T. Campbell. He "clocked" 5 minutes 41.2/5.

The high diving exhibition by Ed. da Roza was a very good one, and it was a pity that the other Hong Kong representative for this event S. H. Kong, failed to take part, for after doing a single dive from the springboard he had to retire. It will be recalled that S. H. Wong met with an accident while practising on Friday.

The 100 yards free style exhibition had to be called off, owing to a want of competitors.

With regard to the water polo, the Interport side was not at full strength, and consequently were well held by "The Rest" in the first half. The second half found the selected team, scoring two goals, one from C. Roza Pereira E. M. Marques, who is selected to go to Shanaghi as the second string breast stroke representative, had only one opponent, B. Gosano, whom he beat quite comfortably. The winner's time was 79.2 seconds.

Ladies Race

There were seven competitors for the Ladies Race, so two events were made of it. In the first race Miss I Lopes won from Miss M. Roza, Miss A. Gosano and Miss G. Roza, in a close finish. The winner's time was 38 seconds. In the second race Miss D. Hunt, who received four seconds from Mrs. Mead won by a yard. Miss G. White also appeared in this event. The winner's time was 35 seconds and Mrs. Mead's time 32.1 seconds.

The prizes were distributed at the conclusion of the sports by Lady Southorn, wife of Sir Thomas Southorn, who in a brief speech, wished the interporters every success. He also thanked H. E. Major General O. C. Borrett for gracing the gala with his presence.

The Results:

100 Yards Back-stroke Members' Handicap:—1. E. L. Gosano 82.2.5 secs); 2. J. A Gutteres (88.3.5 secs).

50 Yards Ladies' Handicap:—Heat 1.—1. Miss I. Lopes (38 secs); 2 Miss M. Roza (39 secs).

Heat 2.—1. Miss D. Hunt (35 secs); 2. Mrs. F. Mead (32.1.5 secs).

50 Yards Style (Interport candidates):—1. E. B. da Roza (26.1.5 secs); 2. T. Paget (26.2.5 secs); 3. Lau Po-hay.

Member's Team Race:—1. J. A. Gutteres' team (P. N. M. da Silva, F. Landau, L. Osmund, E. Sousa and H. Silva); 2. G. Lynn's team.

100 Yards Boys' Handicap.—1. C. Remedios; 2. F. Sousa; 3. C. Silva Netto.

Time:—1 min. 49 secs.

100 Yards Breast stroke:—1. E. M. Marques, 79.2.5 secs.; 2. B. Gosano, 82.1.5 secs.

Water Polo:—Interporters beat "Rest" by 2 goals to nil.

"Interporters":—Chan Sek-pui, R. Silva-Netto, S. Delgado, W. T. Campbell, L. Roza, A. A. Roza and C. E Roza-Pereira.

"Rest":—T. L. Knight, Leo Silva, E. L. Gosano, W. Fullager, B. Gosano, H. L. Ozorio and J. A. Guterres.

THE CRICKET INTERPORT

First Trial Game To-day

While Shanghai are in the middle of their cricket season, Hong Kong is only just starting to get ready for Interport cricket match in the northern port next month. On Saturday a number of prominent players were practising at the nets while the Hong Kong season will be officially opened with an Interport trial.

To-day's Teams

Trials will be held on every Saturday of this month on the Club ground, it is understood. The team will leave for Shanghai by the R.M.S. Empress of Asia on October 5, and return by the s.s. Comorin on October 19.

The teams for to-day's game, which commences at 2 p.m., on the Club ground are as follows:

T. E. Pearce's XI—E. J. R. Mitchell (H.K.C.C.), Lt. J. P. Williams (Army); T. A. Pearce (H.K.C.C.), H. Owen Hughes (H.K.C.C.), A. H. Madar (I.R.C.), D. S. Harley (H.K.C.C.), G. R. M. Ricketts (H.K.C.C.), F. D. Pereira (I.R.C.), A. R. Minu (I.R.C.), and G. S. Dunkley (H.K.C.C.).

New Names

It will be seen that a number of new names appear in the teams and it will be interesting to see what "new material" the selection committee will have at its disposal this season. On paper Pearce's side is definitely stronger and some people regard it as the probable interport team.

Up to Saturday afternoon 15 players had signified their desire to make the trip north if required. They are:—

*T. E. Pearce (H.K.C.C.).
*H. Owen Hughes (H.K.C.C.)
*E. J. R. Mitchell (H.K.C.C.).
*T. A. Pearce (H.K.C.C.).

SCOUT AQUATIC THRILLS

Millington's Wins Aggregate

Some exciting finishes were witnessed at the St. Andrew's Scout Troop Swimming sports held at the European Y.M.C.A. Bath on Saturday afternoon.

Swifts won the Inter-Patrol Championship with a substantial margin of 18 points from the Eagles, while the Kangaroos and the Lions tied for third place.

The entries were many, H. Millington being the outstanding swimmer with two firsts and a third place, besides being mainly responsible for winning the Inter-Patrol Relay by a touch from S. Lee of the Kangaroos.

In the Junior 50 Yards Breast Stroke, V. Gunsen (Eagles) had little or no opposition at all and won comfortably by a good 10 yards. The second place however produced a thrilling duel which eventually resulted in W. Newell (Swifts), securing the place by a touch from R. Taylor (Lions).

In the Diving for Plates, W. Hicks did very well to retrieve 10 plates.

The team race always the most exciting event on the programme, proved to be no exception to the rule and the Swifts swam a magnificent race, to snatch victory as a result of Millington's effort in the last 10 yards of the race.

NEWS FROM CHINA

WAR ON THE REDS

Combined Troop Movement

From Our Special Correspondent

Canton, Sept. 2.

It is reported to-day that the Third Independent Division of the First Group Army has moved up from Lohchang in Northern Kwangtung to Yichang in Southern Hunan in an effort to effect a junction with the Hunan provincial forces in fighting the Communists.

The people at Yichang gave a big welcome to the Cantonese troops, as the town is not garrisoned by any other forces. The Reds, however, were not found in that vicinity and are believed to have moved farther West in the direction of Kweichow and Szechuen. It is also stated that Kwangsi troops have moved up to the Hunan and Kweichow borders to intercept the Communists.

Colonel Tao Cho Tek, in command of the third air squadron at Shaokwan, is ordered to send his bombing planes over the Hunan borders and to bomb the Communist troops. These hordes are observed in the vicinity of Lanshan and Linwu and bombs weighing 50 pounds each were dropped on them. It appears that the Communists are attempting to move westward to Kweichow without touching on the borders of Kwangsi.

Farther north the Hunan provincial forces, under General Ho Chien, Chairman of the Provincial Government, are said to have inflicted blows against the Communists. Fighting is going on at Ch'aling, about 100 miles Southeast of Changsha. Although the usual claim is that the Reds are defeated, they have occupied several counties in Southern Hunan. These Red detachments are commanded by "Generals" Hsiao K'e and Li Chung Pao.

On the Fukien front, the 36th Nanking division from Lungyen arrived at Yungting, South-western Fukien, and took over the garrison duties from the First Independent Division, who retired back to Talpo n Kwangtung. General Chiang Ting Wen, Comdr.-in-Chief of over 18 divisions of Nanking troops in Fukien, has ordered the attack on Changting, Red lair in Western Fukien.

CLOSING IN ON RED INVADERS

Nanking, Sept. 1.

With reference to the Communist incursion in south eastern Hunan, a message from Changsha states that the Hunan and Kwangtung provincial forces are closing in on the raiders.

The Red horde, under General Hsiao Keh, is apparently endeavouring to push westward towards the Kweichow border and is reported to have been repulsed at Linling.

Large forces of Hunanese troops are stated to be concentrated at Linling, Chihyang, Sintien, Pingshien, Taohsien, Changning and Yunghsin ready to round up the marauders, while the Kwangtung authorities are moving their forces along two routes in the direction of Linwu.

Official circles are optimistic that the outlaws will be rounded up shortly.—*Reuter.*

OFFICIALS EXECUTED

For Dealing In The Drug Traffic

Nanking, Sept. 2.

For the first time in many years officialdom paid the extreme penalty for dealing in the drug traffic.

Two police officials, one of whom was named Yin Houng, head of the local police district, were executed early this morning on charges of selling heroin. The executions were carried out in accordance with an order from Nanking.

Both the men were arrested several weeks ago and admitted the offence.—*Reuter.*

CANTON NEWS AND NOTES

Sugar Business In Kwangsi

(From Our Special Correspondent)

Canton, Sept. 2.

Several Canton and Hong Kong merchants will shortly proceed to Kwangsi to investigate the sugar business there with a view to pushing the business in that province. The party will be led by Mok Ying Kwai, a Hong Kong barrister who is one of the authorized sugar agents here under the monopoly scheme.

These merchants will leave for Kwangsi in the middle part of this month. Necessary protection will be granted by the Kwangsi military authorities through General Chang Jen Min, Chief-of-Staff who is staying in Canton.

Dr. Sun's Supporter Dead

Mr. Yang Hok Ling, who contributed liberally for the cause of the revolution as started by Dr. Sun Yat Sen, died last week in Macáo. All the high officials here have sent condolences and messages of sympathy to the family of Mr. Yang. In giving financial support to Dr. Sun, the late Mr. Yang sold all his property and eventually parted with all his money.

Since the establishment of the National Government, Mr. Yang had been receiving some grant from Mr. Sun Fo, son of Dr. Sun Yat Sen and President of the Legislative Yuan. One of the sons of the late Mr. Yang Hok Ling is Mr. Yang Hua Jih, English Secretary of Mr. Sun Fo and former traffic manager of the Canton-Kowloon Railway.

Volunteer Delegate Here

General Fan Tien Chiao, representative of General Liu Ching Wen, Commander-in-Chief of the volunteers in Liaoning, Manchuria, is now in Canton to report to the military authorities on the latest news from the Manchurian front. General Fan recently called on Mr. Hu Han Min at Hong Kong. It is said Mr. Hu highly respected the patriotism of this aged general and recommended his official colleagues here to give the volunteers every support.

It is learned that the volunteers in Manchuria will start a bigger campaign to fight the Japanese and Manchukuo troops. Volunteer representatives often come to Canton for financial assistance, as the South-west declares time and again its stand of prolonged resistance against aggression and recovery of lost provinces.

As troops in Kwangtung cannot go north to recover lost provinces, the volunteer commanders in Manchuria say that they can carry out the desire of the South-west if they have financial support.

SUPPRESSION OF BANDITS

Movements Of The Western Army

Canton, Sept. 1.

Ever since the retreat of the bandit chief Siu Hak and his followers to Lou Chow, he has not dared to disturb the peace of the province.

At present, he and his followers numbering over ten thousand strong and armed with 5,000 rifles are concentrated at Sun Tin Kow Yeung and Ling Ling.

General Ho Kin, Commander-in-Chief of the Western Army now reports to the Army Headquarters here that the bandit chief Siu Hak and remnants of His force have fled to the borders of the Eastern Kwangsi and Southern Hunan.

It is believed that the defeat and scattering of this bandit "army" has removed a serious menace to the peace of the Kwangtung Province.

Accordingly General Chan Chai Tong, Commander-in-Chief of the 1st Division Army, highly complimented the meritorious officers and invited them to a feast at his club in Tung Shan.—*Nam Wah Yat Po.*

DILEMMA

How A Sensation Was Averted

(Special Air-Mail Service)

London, Aug. 18.

My orders as officer in charge of Stonecutters Fort, Hong Kong, were to stop all ships disobeying the examination launch by firing one round across their bows. Failing that, sink them at once.

A Japanese destroyer steamed fast for the entrance. I recognised her. She had gone up river to Canton two days previously. The international settlement there was full of patriotic Germans, who might at any moment rush some craft dash for Hong Kong and wreak havoc on the crowded shipping.

The launch steamed towards her, hoisting the "Heave to" signal. No notice taken. She rushed past the launch, so I fired a six-inch round across her bows. Still she raced towards the harbour and its many ships.

Now I had to sink her. All five guns were in readiness. One order, "Rapid fire," and she would have been a wreck in two minutes.

I was a junior second-lieutenant, with one minute to make up my mind. I let her go. No harm came—her officers had simply been careless. But how near I came to causing what would have been one of the sensations of 1914—if I had obeyed orders!—Captain L. P. Goldney, Walcot-square, S.E.11.

NEW YORK STOCK AND COMMODITY QUOTATIONS

AMERICAN ORIENTAL FINANCE CORPORATION AND S. E. LEVY & CO.

New York, Sept. 1.

The American Oriental Finance Corporation's report through their New York agents, Messrs. E. A. Pierce & Co., states:—

Stocks:—We would continue neutral, awaiting developments.

Wheat:—The market was draggy and, early in the day, was influenced by liberal deliveries and scattered liquidation. September wheat firmed up somewhat later, the firmness of corn and the Winnipeg market had an effect on wheat and the tone was firm most of the session. Routine news attracted little attention. Fair rains are reported in parts of the Southwest, which are beneficial to planting.

Corn:—The market was firm, with fair support forthcoming on dips.

Flash:—Automobile output in the United States during the past week amounted to 52,351 units.

New York, Sept. 1.

Messrs. S. E. Levy & Company's report, through their New York agents, Messrs. White, Weld & Co., states:—

Stocks:—The market is still awaiting the appearance of some constructive news and a conservative attitude is recommended, pending some clarification of the situation. Business done 400,000 shares.

Bonds:—The market for both high-grades and second-grades was quiet and unchanged.

Wheat:—Marketings of Canadian wheat were heavy, but where better taken sales 17,838,000 bushels.

Corn:—There was considerable profit-taking when the crop estimates were announced and, while the long-pull outlook is bullish, the absence of short-interest makes frequent set-backs likely.

Business done 14,806,000 bushels.

Cotton:—There was an improved trade demand on some hope of the avoidance of a complete tie-up in the cotton-textile industry. There were reports of heavy offerings of distant options by co-operative interests.

Rubber: — The consumption figures for August are expected to be over 30,000 tons. The technical position is healthier and the market should easily respond to bullish news. Business done 184 lots.

GERMAN SHARE MARKET

[Special to the "Hong Kong Daily Press" (Copyright).]

Berlin, Aug. 31.

The business in the sharemarket during the week was almost at a standstill. Dr. Schacht's speech on Thursday as to the necessity for a moratorium of several years duration was much discussed, satisfaction being felt that the present true state of affairs was depicted clearly. But as the effect on the opinion of foreign countries was not known, the investors showed extreme caution. Fixed interest securities were likewise dull.—*Transocean Kuo Min.*

THE EXCHANGE MARKET

MESSRS. ROZA BROS. REPORT

American and Indian purchases in reluctant selling market took Silver prices up to 21¾ for Ready and 21 15/16 for Forward. The tone, however, was not reported as particularly robust.

Sterling opened in New York at 4.99 and closed at 4.99½.

Market

Only a small business was done. The market was inclined to be on the easy side.

Sterling

At the opening the tone was uncertain with sellers at 1/6 29/32 and buyers at 1/7, later 1/6 31/32 and 1/6 15/16 at which rate a small business was done for delivery towards the middle of the month. Subsequently buyers at 1/6 29/32 for near remained unsatisfied, sellers offering 1/6 27/32 1/6 29/32 was rumoured as having been done; the rate was fixed for October delivery. At the closing market there were hesitant sellers at 1/6⅞ with buyers at 1/6 29/32 for September, and October might have been accepted.

U.S. Dollars

Were on offer at 39 5/16 with buyers at 39 7/16 but subsequently the selling rate receded to 39 1/4 at which level it remained throughout the morning with likely buyers at 39 5/16.

Yen

Best rate offering 131.

Guilders

56⅜ to 56⅝.

Shanghai Dollars

110½ buyers, sellers 110⅛.

Shanghai Market

Sterling sellers 1/5⅛, buyers 1/5 3/16, improving slightly later but receding to the opening level subsequently. Dollars were on offer at 35 11/16 for near and 35⅝ for forward and were last advised at 35⅝ and 35 11/16 respectively.

NEW WHARF AT SHANGHAI

Many Unique Features

The everchanging Shanghai waterfront has again had a feature added to its face, with the completion of the Shanghai and Hongkew Wharf Company's Hongkew and Hunt's wharves. This stretch of wharf, beginning at the property boundary line east of Chaou-foong Road continues for about 2,300 feet up to Keecheong Road, and has been built during a construction period of about two years.

The part east of Chaoufoong Road, comprising a frontage of about 300 feet, is planned as a combined lighter harbour and wharf. The lighter basin, surrounded on three sides by reinforced concrete piers, and on the fourth by a wall of reinforced concrete sheetpiles, is big enough to accommodate four to five of the biggest local steel lighters, which then can be worked there without occupying any of the much needed wharf front. The riverside pier is broader than those at the sides, and may be used for berthing of ships of deeper draft.

Loading Facilities Good

Of technical problems, this part of the construction presented nothing new or difficult. The piers and riverside wharf are of the usual "composite" type, meaning that they consist of a trestle work in reinforced concrete, supported by long douglas fir piles. The wharf deck is designed for an evenly distributed load of 500 lbs. per sq. ft., and for a concentrated load of 20,000 lbs. anywhere. These loadings will allow practically any type of cargo to be unloaded on to the wharf and temporarily stacked there, besides providing for cranes of the portable type, and for wharf trucks with trailers of the most modern kind to be used for the handling of cargo.

In addition to these loadings anywhere, the construction includes girders for the heavier crane equipment, which consists of a 10-ton crane and a 2-ton transporter. The crane is of the level-luffing type, capable of lifting 10 tons at 50 feet per minute or 5 tons at 100 feet per minute at a maximum radius of about 40 feet.

Transporter Specially Designed

The transporter erected in the same area is unique in the fact that it is the first of its kind to be erected on the Shanghai river front, and possibly in the Far East. It was designed to span the entire width of the lighter basin, and it is capable of also travelling the entire length.

On the landside a cantilever extension is provided so that the maximum travel of the crab in the bridge is about 250 feet.

Power Cables Safe

In order to prevent any possibilities of accidents to persons on the wharf, a special scheme was devised to carry power to both the crane and transporter. The power cable is laid underneath the wharf slab, and at convenient points plugboxes are provided to connect with the trail-cable on the two structures. The plugboxes are so designed that it is impossible to withdraw the trailing cable plug without first having switched off the power supply.

Ten-ton Crane Used

The 10-ton crane is, on the shoreside, supported on an independent system of piles, capped with suitable girders in reinforced concrete, and the shore tower of the transporter is carried by the sheetpiles in the bunding, which for this reason are made longer than called for by earth pressure only, on the stretch over which the transporter is travelling.

The transverse stiffness and bracing of piers and riverside wharf is taken care of by batter piles, enabling particularly the wharf to take possible bumps from berthing steamers, and pulls from the mooring-ropes.

The details of the wharf itself are much the same as for the piers in the lighter harbour. The loadings for the deck are the same, viz. 500 lbs. per sq. ft. evenly distributed, and/or 20 000 lbs. concentrated anywhere. Besides, cranegirders, similar to those in the lighter harbour are provided for the whole length of the wharf. No new crane equipment has so far been installed, but the intention is in due time to have cranes of somewhat the same type as those in the lighter harbour.

Construction Details

In choosing the details of construction for the wharf as well as for the lighter harbour, there were several points to be considered. One was how to get a good connection between the wooden piles and the reinforced concrete superstructure. Another was the fact that the lower half of the superstructure is regularly flooded twice a day by the rising tide.

As a consequence of the daily flooding, it was decided to prefabricate as many of the R.C. members as possible, thereby saving false-work and forms as well as time. The quality of the concrete and its placing in the forms were also improved inasmuch as it was easier to control.

The wharf deck is unwatered by means of cast iron scuppers, placed in each panel. The surface of the wharfdeck is given ample slope towards these scuppers, and the result is nearly immediate run-off of all rainwater.

The whole length of the wharf is to allow temperature working, divided by expansion joints into altogether seven independent sections.

Low Water Platform

At fairly even intervals along the wharf are made low-water platforms, to which stairs from the rear are leading down. The intention with these platforms is to facilitate delivery of cargo to native lighters when the height from the upper deck makes it difficult to deliver direct.

THE RUBBER INDUSTRY

Serious Position Reviewed

Kuala Lumpur, August 22.

There is, I understand, a grave likelihood that unless rubber estates and dealers in Malaya co-operate in producing and exporting rubber, and use their export rights more generously than they have since restriction was enforced Malaya will lose a considerable part of her permissible export, writes a correspondent.

The maximum carry forward is limited to 12 per cent. by the International Agreement, and in the F.M.S., the carry forward from July to August was 20 per cent. of the total permissible export between June 1 and the end of this year.

A somewhat similar state of affairs is believed to exist throughout Malaya.

There is no desire on the part of the authorities to impose further restrictions on the industry or the trade, but unless the position speedily rectifies itself legislation will be necessary to ensure that Malaya complies with the International Agreement.

It seems probable that legislation would take the form of prohibiting, or, at any rate, severely restricting the carrying forward of unused estate credits, and in addition, as it is hinted by the Controller of Rubber in his warning notice issued to all estate owners and dealers it will probably be necessary to impose limits on the stocks which may be held by individual dealers.

Similar Limitation

Drastic interference with trade as this may seem, a similar limitation has already been imposed in Ceylon.

This serious state of affairs is due to two main causes, the first of which is the May rush to export before regulation came in.

In that rush, not only were dealers' stocks reduced to vanishing point, but estates got rid of every ounce of rubber they had, wet or dry, with the result that most estates were not in a position to resume exporting until the last week in June. Dealers, on the other hand, had to bring their stocks back to a normal level.

The second cause is that, on a slowly rising market, there has been a distinct reluctance to sell. Several dealers, it is understood, each have over a million pounds of rubber stocked.

In June last, the F.M.S. alone, exported 4,800 tons and less than 12,000 tons in July. The permissible amount of export in the F.M.S. in June and July was 22,800 tons per month.

Within the last 11 weeks, the F.M.S. has exported only 27,535 tons—about as much as it should have exported in five or six weeks.

The maximum carry forward from 1934 to 1935 for the whole of Malaya, Labuan and Brunei, is limited to a total of 30. 44 tons, which has to cover not only unused estate credits, but also all dealers' stocks covered by export rights. This latter does not apply to dealers' stock in Singapore and Penang.

Actual Carry Forward

The maximum carry forward allowed to the F.M.S., correspondingly is 17,080 tons, but the actual carry forward at the end of July amounted to 29,322 tons, an overlap of 12,242 tons, which means that estates and dealers will have to export that amount in addition to their own quotas up to end of this year, in order to come within the maximum amount of carry forward allowed.

ROYAL AIR FORCE

Air Marshal Sir Robert Clark-Hall

(Special Air Mail Service)
London, Apg. 18.

One of the oldest officers of the R.A.F. in point of flying service has now retired in the person of Air Marshal Sir Robert Clark-Hall, K.B.E., C.M.G., D.S.O. He took his pilot's certificate, No. 127, on August 29, 1911, when a lieutenant, R.N. Only three officers now on the active list are senior to him in this respect—Air Vice-Marshal A. M. Longmore (No. 72), Group Captain T. G. Hetherington (No. 105), and Air Marshal Sir Robert Brooke-Popham (No. 108).

Sir Robert Clark-Hall was a squadron commander, R.N.A.S., at Eastchurch when the War began, and was the first specialist armament officer of the Naval Wing. He commanded the aircraft-carrier Ark Royal in the Dardanelles in 1914-16, and No. 1 Wing at Dunkirk during 1917, for which he was made D.S.O. On the formation of the R.A.F. in 1918 he was graded as colonel, and a permanent commission as wing commander was granted him in 1919, followed by early promotion to group captain. He was in command of the R.A.F. in the Mediterranean in 1925-29; was Director of Equipment, Air Ministry, in 1929-31; and has since commanded the Coastal Area, R.A.F. He now retires at the age of 51.
